The Early Childhood Development and Education (0-6)

The Infant/Toddler (I/T, 0-3) and Early Childhood (EC, 2.5-6) Certification Courses are part of the Early Childhood Development and Education (0-6) division and present lectures with a deep and comprehensive exploration of the Montessori approach for children's youngest years. The focus is on understanding the unique developmental changes that take place in the first plane of development and integrating Montessori philosophy and pedagogy, combining best practice with current brain and developmental research. MGTEI is offering Montessori training toward an AMS credential for the following levels: Infant/Toddler (0-3) and Early Childhood (2.5-6)

Montessori Global Teacher Education Institute (MGTEI) is an American Montessori Society (AMS) applicant affiliated.

In 2020 MGTEI applied for accreditation with the Montessori Accreditation Council for Teacher Education (MACTE) for the I/T (0-3) and EC (2.5-6) certification courses, being considered a candidate in good standing. Note: "Applicant for Accreditation" status in no way determines the outcome of the accreditation decision by MACTE.

For more information in the membership/accreditation visit www.macte.org and <https://amshq.org>
